

# **Giorgi Khojevanishvili met the students and staff of Gori State –teaching University**

01 October 2018

The Governor in Shida Kartli visited Gori State-teaching University where he met its students and staff. “My congratulations on starting of a new academic year. I am glad to be with you today. Gori State-teaching University is one of the most important educational centers in our region, young generation has an opportunity of gaining a perfect education, which will be beneficial for our home-country in the future. Also, I would like thank the staff for your activities”, -addressed the Governor to the gatherers. According to Khojevanishvili, the State Representatives administration is ready to have a close collaboration with the University and implement the activities related to environment protection and ecology together with the students’ engagement. The meeting went on in question-response mode.
