

Giorgi Khojevanishvili met the representatives of the recourse centers

22 October 2018

The State representative-governor in Shida Kartli held a working meeting with heads of resource centers of the region and the representatives of the Kindergarten Union. The issue was dealt with improving of the infrastructure of educational and fostering institutions which is planned next year. They also discussed about those challenges which exist in this direction . According to Khojevanishvili, school and kindergarten buildings must be arranged as much as possible in order the young generation to have an opportunity to gain education in perfect environment.
