

A new hotel “Lucky” was opened in Gori

22 October 2018

Giorgi Khojevanishvili,-the State-governor in Shida Kartli attended the opening of a new hotel “Lucky” built within the project “Produce in Georgia”. Giorgi Chogovadze,-the Head of the National Tourism Administration and the representatives of the local government. According to modern standards hotel which has been built within the state program, offers a high class service to its visitors. It includes 19 rooms and a conference hall. The building is fully addapted to disabled people. According to Governor, it is important that Shida Kartli inhabitants actively have access to state programs and this newly opened hotel is one of the examples of it.He said that, development of tourism infrastructure will increase the number of tourists and will promote the locals to be employed.
