

Khashuri Population Were Conducted Free Medical Examinations

19 November 2018

Khashuri population were conducted free medical examinations by the medical center “A New Clinic” and “Evexi”. Giorgi Khojevanishvili,-Governor in Shida Kartli, got familiar to the process at the place. Within the action, the patients were conducted those different kinds of examinations which are not provided by the universal health care program.,,A very important activity was conducted in Khashuri. This is the chance for the citizens to use a lot of consultations free of charge. It is important for us that each citizen to have an assess to the health care service,-said Governor. More than 200 citizens took advantage of free medical services in Khashuri.
