

Atotsi Population to Profit by 24 hour Water Supply for the Future 2019 Year

27 November 2018

Potable water network works have been started in the occupation line village Atotsi in the Kareli Municipality. The project includes building of bore well, arranging of reservoir and its connection with the existing network.. The works will be finished within 2 months which will provide 250 families with potable water. The State Minister for Reconciliation and Civic Equality in Georgia,-Ketevan Tsikhelashvili and Giorgi Khojevanishvili,-Governor in Shida Kartli together with the representatives of the local self-government surveyed the works at the spot.

Governor and the Minister visited the Public School in the village of Atotsi and met with the school teachers. Also, with the initiative of the Minister, the books were given to the school library as gifts. Giorgi Khojevanishvili,-Governor in Shida Kartli made his choice at #8 polling station of Gori. "The situation in the region is peaceful, the elections are going on at peaceful and fair environment. Activity is rather high at the region's scale, let's wait for event development till this evening. Of course I am appealing to all voters for coming and voting for their choice", -said Governor.
