

The Constructive Companies of the Region Got Familiar with the Action Plan in 2019

26 December 2018

Governor in Shida Kartli met with the representatives of those design, construction and supervisor companies who are implementing infrastructural projects in the region. The meeting started with the discussion of the projects to be implemented in 2018 in the region and the projects financed by the high mountain settlement development fund. Giorgi Khojevanishvili thanked the participants for their works and productive collaboration. He also talked about the future plans and introduced the action plan in 2019 to the companies. According to Governor, important projects have been planned next year in order the population will be able to use quality and well-maintained infrastructure.
