05 February 2019

Ivane Machavariani,-the Minister of Finance and Giorgi Khojevanishvili,-the State Representative in Shida Kartli attended the community meeting at the village Zeghduleti in the Gori Municipality within the “Village Support Program”.

The works of improvement of the ceremonial house will be completed this year in Zeghduleti within the “Village Support Program”. „Similar meetings are very important as the inhabitants has an opportunity to define their requirements. It contributes to the development of self-government as well as the population-friendly projects,”-said Shida Kartli State representative.

Implementation of the program has reinstated since 2019. The projects to be implemented by the “Village Support Program” will be selected through the consultations with the villagers and the decisions made at the community meetings.
