17 March 2019

Municipality and got familiar to those places and buildings which are promising in terms of tourism. The State representative in Shida Kartli and Majoritarian MP of Kaspi looked around the village of Akhalkalaki and discussed about the development plan of the village. It was solved that tourism infrastructure will be arranged in the villages of Akhalkalaki and Noste by the involvement of the local self-government and Cultural Heritage Agency in the nearest future. Giorgi Khojevanishvili also looked round Art -villa "Garikula" where together with Karaman Kutateladze they discussed about the modern art festival which is planned to be held this year.

„Our regain is so diverse and interesting that we must assimilate everything. What we have seen today makes one whole circle of tourism. That's why we have decided not to waste time and start to arrange the infrastructure with the help of the involvement of the relevant institutions timely. Art-villa "Garikula" was founded by a teacher and painter Karaman Kutateladze's initiative. We agreed to have a constant communication with him and Shida Kartli administrative office will be actively engaged in the development of Art-villa within its competences and abilities",-said the State-representative in Shida Kartli.
