

Rehabilitation works are going on at Dirbi kindergarten

20 April 2019

The State Representative of Shida Kartli Giorgi Khojevanishvili and his deputy Simon Guledani visited rehabilitation works of the kindergarten located in village Dirbi, Kareli municipality. The building is under capital rehabilitation, within which internal communications, doors and windows and roof have already been changed. The central heating will be installed and the building will be equipped with all the necessary equipment. After completion of works 6 groups will function in the educational institution, in total 150 children will be served. The project is being implemented by the local budget and it will have been finished by the summer. "Soon rehabilitation of the kindergarten in the village of Dirbi will be completed and local children will have all the necessary conditions for development. Pre-school education is of great importance for children's development and one of our priorities is to support this process. In addition to Dirbi's garden, more than 40 kindergarten will be renovated and 5 new kindergartens will be built,"-said the State Representative.
