

Meat processed enterprise did not stop working in Gori despite of pandemic

13 May 2020

Shida Kartli State Representative, Giorgi Khojevanishvili visited meat processing enterprise "Kula" and got familiar to the working process. In parallel with the prevention of the spread of coronavirus, the enterprise continues to operate as usual, along with local and foreign markets, supplying products to the Georgian police and army. In addition to various types of canned meat, the company produces more than 250 denominations of products.

"Gori meat processing enterprise continues working smoothly, the process has not stopped, because the enterprise is a processor of agricultural products and follows all the established recommendations," - said the State Representative.

The recommendations developed by the Ministry of Health and the National Food Agency are fully complied with at the cannery.
