

Six IDP Families in Kaspi Municipality were given residential spaces in lawful ownership

21 May 2020

Amiran Kristesiashvili, Deputy State Representative in Shida Kartli, and Besarion Simonishvili, Director of the IDPs, Eco-Immigrants and Living Resources Agency, visited the IDP families and provided information on the legalization of housing. Six families of IDPs have been living in Kaspi, at Parnavzai street 18 for many years, since then, however, their residential areas have not been legalized. Legalization of residential areas is one of the prioritative directions. 1000 more IDP families will be given their residential spaces in lawful ownership in the current year.
