

Georgian Delegation Visit in Italy

11 February 2016

The visit of Georgian delegation with specific initiatives and continuous co-operation has been accomplished by an agreement at the Forum of agrotechnics producers in Italy, where the representatives from Shida Kartli, State Representative-Governor Zurab Rusishvili and deputy governor Amiran Shavshishvili have also been invited by the host companies. The exhibition space was arranged in the region of Lombardy, the city of Gvidichelo. The meetings with producers focused on introducing the local produced technics to the officials and the farmers and reaching business agreements with the delegations. Also the farmers from Shida Kartli visited Italy and got interested with the purchase of the locally produced techniques. At the presentation the leaders of the companies: Ferari, Forigo, Ideal and Luchin as well as other representatives of different agrotechnics producer companies introduced the working principles of the latest models of the technical equipment to the guests.

The meeting was held with the first deputy governor of Lombardy, Giovanni Fava who spoke about the economic situation and investment potential of Georgia.
