

A marathon race was held within the framework of European Days in Gori

13 May 2016

There was held a marathon race organized by the Gori State Teaching University, NATO and EU informational center in Gori. The marathon was attended by EU and regional representatives. The Deputy Governor, Guram Macharashvili said that, organized events are very important for the popularization of healthy lifestyle. He also mentioned that the marathon held within framework of European days is the clear demonstration of our striving for European integration. Teenagers, students and the EUMM representatives participated in the marathon. They run up about one kilometer.
