

Documents of priorities were discussed in Shida Kartli Governors Administration

16 May 2016

Representatives of Regional Development and Infrastructure Ministry with the German international cooperation society (GIZ) held the meeting with the Governor administration and the representatives from Municipalities of Gori and Kareli. Creation process of the mentioned document was discussed. Shida Kartli Municipalities have been working on this document of priorities since March, 2016. On the meeting only two documents of priorities were discussed, documents of Gori and Kareli Municipalities. GIZ experts paid attention on the future development and improvement of the document.
