

Hail loss will be counted by commission in the immediate future

27 May 2016

Active governor of Shida Kartli, Ioseb Okromelidze met with the aggrieved population of Qareli municipality, village Ruisi. The governor got the first information from the inhabitants about the loss.

Ioseb Okromelidze promised that their loss would be counted in the nearest future and appropriate structures would work on it.

There are created Loss Study Commissions in Qareli and Gori municipalities, Active Governor said, which will study agricultural loss caused by hail.

The part of the aggrieved population who are involved in the agro insurance program will be immediately compensated for the loss.

There was hailstorm in 13 villages of Gori municipality and 12 villages of Qareli municipality on May 26. Vegetables and fruit trees were damaged after the last night hailstorm. Village Ruisi, Qareli municipality is under the most particular loss.
