

Ioseb Okromelidze met with Chvrinisi population near the dividing line

12 August 2016

The active governor of Shida Kartli Ioseb Okromelidze met with Chvrinisi population and got acquainted the village problems. The meeting was also attended by the deputy governor Amiran Shavshvishvili and Kareli municipality governor Zaza Guliashvili. Recently, Chvrinisi population visited Governor's administration and talked about the problems of the village.

There has been implemented a lot of important projects near the dividing line in Chvrinisi village. Gasification, electrification, drinking water system rehabilitation – these are the fulfilled projects of the village in the current year. It is also projected to arrange ambulatory and outside lightning system this year.

Chvrinisi population was satisfied because of relevance respond to their problems. They promised to have an active communication with the governor's administration and local government around the village problems.
