

Three new schools were opened in Gori Municipality

03 October 2016

In the framework of Millennium Challenge Compact, the schools of the villages Skra, Pkhvenisi and Tkviavi in Gori Municipality were rehabilitated. The Deputy Governor of the Region AmiranShavshishvili and the representatives of the local government attended the opening ceremony. The visitors congratulated the teachers and the children with the start of the school year. "I am glad that from now on you will get education in healthy and complete environment, education is the most important for your future life. I would like to tell you that the mentioned project is a gift of American people, which is known as Millennium Challenge Fund. In the framework of the project thousands of schools were rehabilitated in Georgia and rehabilitation of a number of educational institutions is planned", said AmiranShavshishili.
