

The Ministry of Infrastructure attended the reconstruction works in Shida Kartli

18 October 2016

The Ministry of Regional Development and Infrastructure of Georgia Nodar Javakhishvili with the Acting Governor of Shida Kartli Ioseb Okromelize and local authorities inspected the underway infrastructural projects conducting in the region. In particular, they visited a new sport complex in Kaspi, hospital construction in village Tkviavi, Gori Municipality and the water supply system rehabilitation works along the occupation line in Gori Municipality. The population of the villages near the line has some water supply problems since 2008. Within the project the wells, chlorination and pressure towers will be constructed. After the work, the drinking water supply problem will be resolved in ten villages. The Infrastructural projects will be financially supported with more than 3 million GEL by the Georgian Government.
