

The Governor met the population of Mikeltskaro and Aghaiani

20 October 2016

Acting Governor of Shida Kartli Ioseb Okromelidze together with the Governor of Kaspi Municipality, Gocha Gochitashvili met the population of the villages Mikeltskaro and Aghaiani and they were informed about the implemented projects. According to the local population the works on gasification and installation of counters significantly improved their daily life. The authorized person of the region was interested with the situation, about which the population provided exhaustive information. During conversation a number of problems arose, which will be solved at the earliest possible date step by step according to the Governor. "Direct communication with the population is significant, herewith they have an opportunity, as well as we and the local government, to establish the necessities and to determine the stages for their solution. It is important that each spent penny is reflected on the welfare of the population and the money is distributed upon their request. I should note as well, that involvement of the population in this process is necessary and important". – stated the Governor.
