

The Governor met the population of Dvani

17 November 2016

Acting Governor of Shida Kartli Ioseb Okromelidze, Deputy Governor Amiran Shavshishvili together with the Governor of Kareli Municipality Zaza Guliashvili met the population of village Dvani. They were informed about ongoing and future projects of the village. Since 2013, various infrastructural projects have been implemented in the village, including the cleaning of weeper channel, arranging the glass stadiums. Also river prone bridge and wedding house was rehabilitated. The meeting was focused on the current situation and the needs of the residents. One of the main issues was the establishing of outdoor lighting. "Direct communication with the population is significant; herewith they have an opportunity to establish the necessities and to determine the stages for their solution. I should note as well, that involvement of the population in this process is necessary and important to find the solutions of their needs". – stated the Governor.
