

The Governor of Shida Kartli visited Tsromi

18 November 2016

Acting Governor of Shida Kartli Ioseb Okromelidze, Deputy Governor Amiran Shavshishvili together with the Governor of Khashuri Municipality Giorgi Guraspashvili met the population of village Tsromi and they were informed about the implemented projects. During the conversation the needs of population arose, including the arrangement of irrigation canal, which will be solved in the near future. The Governor spoke about the future plans and projects. “Direct communication with the population is significant, herewith they have an opportunity, as well as we and the local government, to establish the necessities and to determine the stages for their solution. I should note as well, that involvement of the population in this process is necessary and important”. – stated the Governor.
