

Giorgi Khojevanishvili held the first meeting of the Consultative Council Today

05 September 2018

Today the consultative council meeting was held at the Governor's administration. The focus was on the current project in 2018 in the region which is under the implementation and is financed from the fund of development of the mountainous settlements. The Consultative Council also discussed the issue of coordination of emergency situations and reconstructing of the building of emergency medical district service, which will be built in Gori and it will be financed from the fund of the projects under the implementation in the region. In this connection Avtandil Talakvadze, Director of the Coordination of Emergency Situations and Emergency Assistance Centre at the Ministry of Health Care attended the meeting. According to Talakvadze Emergency Medical Aids Service of Gori and an emergency ambulance which will serve for the region, will be located at the same building as well.

The Regional Consultative Council of the State Representative Governor of Shida Kartli will meet once in three months.
